Credit Card Utilisation The percentage of your total available credit limit that you are using. Your total outstanding balances should not be too high a proportion of your total credit limit. High Impact Details

0% utilisation

Excellent

[Know More](#)**How to Improve your Credit Score**

- Monitor Credit Card utilisation for all your accounts in your credit report every month.

Helpful Tip

- You can continue to maintain a healthy credit ratio to maintain.

Calculation: (Sum total of all your Credit Card balance) **Rs. 0**

(Sum total of all your Credit Card limit) **Rs. 0 = 0%**

[Go cashless with one-day approval Credit Cards. Using a Credit Card wisely improves your Credit Score.](#) [Get A Card](#)

Payment History The percentage of your Credit Card and loan EMI payments that were made on time. Ensure that you always make your Credit Card and EMI payments on or before the due date. High Impact Details

95%

on-time payments

Average

[Know More](#)

How to Improve your Credit Score

- Ensure you don't miss a single Credit Card bill date or EMI payment — late payments can hurt your Credit Score. You could either set up automatic bill payments or reminders to make sure your payments are on track.

Helpful Tip

- Too many missed/late payments against your account!
 - 1) Check your report for payment history errors. [Click here](#) to fix errors.
 - 2) Ensure you don't miss a single future payment.

Calculation: (On-time payments) **119**

(Total payments) **124 = 95%**

Age of Credit Lines Average age of all your currently open loan and Credit Card accounts. It's good to have a longer credit history as this shows that you have been a responsible borrower. Medium Impact Details

2 months

average age

Poor

[Know More](#)

How to Improve your Credit Score

- Hold on to your oldest Credit Card and keep it active— this way you can show off a mature credit line.

Helpful Tip

- Keep your oldest account active so your credit line remains healthy.

Calculation: *(Total age of portfolio in months)* **17**

(Total number of accounts) **6 = 2 months**

Summary: Oldest account is 3 months old./ Newest account is 2 months old.

Credit Enquiries Total hard enquiries. Hard enquiries are made by credit institutions for lending decisions. Enquiries made by you directly via BankBazaar are soft enquiries. Medium Impact Details

7 enquiries
in last 1 year
Poor

[Know More](#)

How to Improve your Credit Score

- A healthy gap between each credit application will ensure that hard enquiries don't cause a dip in your Credit Score.

Helpful Tip

- There are 7 number of enquiries in your credit account in the past year — that's pretty high. You can take a break and not apply for credit for a few months.

Negative Status Accounts Count of all accounts that the lender has marked as written off, suit filed, settled, account sold. Not having any accounts in this status is good for your credit history. Low Impact Details

0 accounts

Excellent

[Know More](#)

How to Improve your Credit Score

- Negative status marks remain in your credit history for up to 7—8 years and can affect your future borrowings. Need we say more? Try and keep all your accounts just fine.

Helpful Tip

- Get in touch with your bank for more details. Avoid any late payments as they may affect your Credit Score.
